

Rosen Place on 8th, Assisted Living

will provide a much needed added service to the residents of Stanley and Mountrail County. Rosen Place on 8th will be organized under the umbrella of the Mountrail Bethel Home.

Assisted Living facilities are becoming a popular choice among seniors because they provide a level of independence with round the clock access to personal care services. Assisted Living facilities allow seniors to enjoy social interaction and an overall better quality of life compared to unassisted living arrangements. With the addition of Rosen Place on 8th to the Mountrail County Health Center's Campus, we will be able to offer full continuum of healthcare services, as we become a CCRC (Continuing Care Retirement Community).

Rosen Place on 8th is attached to the Mountrail Bethel Home, Mountrail County Medical Center and the Ina Mae Rude Aquatic Center which features the following wonderful amenities:
